Local Women Take Out Awards

Renee Knapp attended the Community Achievement Awards for Regional WA in Perth on Friday, October 21 and was awarded the Stumpy's Roadhouse Local Legend Award.

These awards aim to encourage and celebrate valuable contributions made by individuals, communities and businesses in regional and rural Western Australia. The Local Legend Award acknowledges those individuals making a significant contribution at a local level.

Renee was recognised for her hard work in improving mental health outcomes for youth and the community through the Boyup Brook Community Mental Health Action (CoMHAT).

Renee said she was completely flattered by the announcement, "It was an exciting evening spent with incredible individuals doing amazing things across our WA communities."

She now hopes to take the framework she has developed to help other communities implement their own mental health strategies to suit their unique circumstances.

Local artist Lori Pensini has been awarded one of WA's most prestigious arts prizes, the 2022 Perth Royal Art Prize for landscape.

Lori is pictured below with her piece, 'Ascension - wattle spirit landscape'. It was created using oil paint and burnt red gum wood on linen. Lori said the pieces of burnt wood were collected from the Bridgetown bushfire, after the close call over the summer.

She was humbly overwhelmed by the win, as she said the competition was very steep.

In the catalogue, the judges comments read, "a unanimous decision to award the main prize to this exceptional contemporary, and timely, environmental comment about our landscape. There is a strong command of the medium and subject matter. Pensini's skilful execution of opaque and transparent qualities culminates in an intense and glowing painting. Bristling with energy the hovering wattle contrasts to the barren, stagnant landscape below."

WOW, What a Weekend

The Boyup Brook Visitor Centre's Walk on the Wild Side Weekend brought a lot of colour and tourists to town once again this year with local artists and craftspeople on show, collections a plenty, a wildflower tour and vintage car, truck and tractor displays. The weekend took place from October 7-9 throughout the streets of Boyup Brook. See page 3 for some of the day's highlights.

My Inbox....

Kaya, wandjoo to the November Gazette.

Whilst typing this, Show Day is still a few sleeps away but I hope it was a well attended, enjoyable day by all and that the UBAS Committee is happy with how it went.

Well done to the Visitor Centre and their volunteers for another lovely Walk on the Wild Side weekend. Events like this and the Show are the culmination of teamwork and community spirit and the hard work behind them is not unnoticed! Thank you!

In November, we have two local properties partaking in the Festival of Country Gardens, there is National Recycling Week from the 7-13 and Remembrance Day on the 11th.

The summer sport season is also underway, and there are many other activities to take part in as shown on the Community Calendar to the right.

This calendar is also available online each month via the CRC website, as well as the Boyup Brook Weekly Events Calendar. If you have anything to add to either calendar, please get in touch by emailing gazette@boyupbrook.org.

*Until Next Month,
Please take care of yourselves and each other,
Sharon*

The Boyup Gazette acknowledges the Kaniyang people of the Noongar Nation as the traditional custodians of this land on which we live and work.

We pay tribute to elders past, present and emerging and recognise the contribution they have made, and continue to make, to our community.

Change of Details – Rates

Thank you to ratepayers who have completed and returned the Change of Details form.

To those that have not returned the form, it would be appreciated if you could complete this form and return to the Shire administration, even if all the information is correct.

There is an obligation on property owners to ensure that the Shire has the correct address for service of notices. The Shire accepts no responsibility for mail not received due to an incorrect mailing address or a mail redirection.

By completing the form, it will ensure Shire Rates information is current and may also assist in avoiding debt collection if you have missed paying the rates.

BPAY – Important information

Each assessment has a unique Biller Code, therefore if making payment by BPAY please ensure a separate BPAY payment is made for each assessment.

If a payment is made for several assessments, it is the ratepayer's responsibility to inform the shire of the individual assessment numbers the payments are to be allocated to. If the shire has not been informed of the allocation, interest will be incurred on those assessments with monies showing as outstanding.

Payment Options

The shire offers instalment plan options when the original rate notice for the year is raised.

Some ratepayers are choosing to set up BPAY through their preferred financial institution to pay an allocated amount each week/fortnight/month, so the credit reduces the amount to be paid when rates are raised.

JOHN RICH REAL ESTATE

What does Conjunction mean in Real Estate?

This is where one agent has an exclusive listing on a property and another real estate agent finds a buyer for the property and both agents agree to share the commission at no additional cost to the vendor.

This type of practice is common in the real estate industry, however not all real estate's agree to a conjunction.

The exclusive agent will be primarily responsible and accountable to the client and the conjunction agent will work in accordance with the terms of the agreement it has with the exclusive agent.

All offers, negotiations and communications with the vendor are conducted through the exclusive agent.

We are happy to work in Conjunction with other agents

How to Choose the Right Agent

1. Do your research

You should look for an agent with a history of strong results in your suburb.

2. Go for local knowledge

This shows they're invested in the local area and have a good understanding of the marketplace. It will also help them bring extra energy to the sale of your home.

3. Take them for a test drive

The right agent will be respectful and transparent to clients during the selling process.

4. Ask lots of questions

Remember that the more you know, the more success you will have.

5. Set benchmarks early

Lay everything out upfront and then test them on delivery.

6. Make sure you're comfortable

Selling your home is a partnership between you and the agent.

Country Week

Country Week went ahead! It was a close call with numerous challenges thrown at the Country Week committee over many weeks. Challenges included COVID-19 restrictions, certain sports being cancelled and then a public holiday thrown in. The staff did an amazing job in rolling with and adapting to the changes, all whilst keeping an excited outlook toward the event.

The students... what a fantastic job they all did! I am proud of the placings that each team achieved on the overall ladder, especially considering the volleyball and hockey team were only given three weeks' notice about their change of sport.

However, what I am most proud of is the numerous commendations I have received from parents and staff on the high standard of behaviour, sportsmanship, effort and improvement that the students displayed during Country Week. The basketball (Division B) team even won the sportsmanship award! Well done to the students and staff for another fantastic BBDHS Country Week.

A massive thank you for all the generous donations received for our 2022 Country Week Fundraising! We received donations from: Talison Lithium; Boyup Brook Co-op; Fuel Brothers BP; Summit Fertiliser; Boyup Brook Post Office; Blackwood Plant Hire; Australian Mineral Fertilisers; John Rich Real Estate; Kojonup Bus Services; Hannaford Seed Cleaning Services; Boyup Brook Ag Supplies; Westcoast Livestock; Boyup Brook IGA; CSBP; Old Dog Dirt and Diesel; Phoenix Petroleum; City and Regional Fuels; Boyup Brook AFGRI; Car Wash / Wood Raffle; Mitre 10 Manjimup.

Year 10 Mystery Tour

On Tuesday, October 18 Mrs Reimers and Mrs Morgan accompanied the Year 10 students to participate in a series of presentations by the emergency services, regarding road safety and safe driver behaviour, as an awareness session before these students start to learn to drive on public roads.

The event began with watching videos and having discussions with local police officers about the impact of making poor decisions when getting behind the wheel of a vehicle (drinking before driving, not wearing a seat belt, looking at or using mobile phones).

We were taken to an accident scene where emergency department staff demonstrated emergency procedures and stabilisation of a casualty. We followed this casualty to a hospital scene, where doctors and nurses worked on the casualty, then to the morgue beneath the hospital where police reported on what occurs and how they inform the families of deceased persons. Following this, funeral directors explained the process of organising a funeral as students viewed a coffin in a hearse.

As you can imagine, the students and staff found this tour very confronting. However, what was most confronting was hearing about the impact of vehicle accidents on families and loved ones. We heard the stories from two courageous speakers. One who spoke of the long road to recovery following a vehicle accident, and the other of the long-term heartache of losing a child in a vehicle accident.

Upon our return to school, we sat down together to debrief about the experience. Some thought it was a little too confronting, some understood that it is reality and therefore warranted, most had despair for the many emergency service people that attend these scenes all too often, and all agreed upon the importance of being responsible when getting behind the wheel of a vehicle or being a passenger in a vehicle.

This excursion was a very worthwhile event for students to participate in, as it allowed them to experience real life situations whereby emergency services are used and demonstrated how their actions on our roads can lead to life changing events.

St Mary's Primary School

What an exciting start to Term 4 at St Mary's. The students, staff and parents have been very busily involved in a range of exciting activities.

Award Winning P & F

It is with great excitement that we can announce that our St Mary's P&F were announced as the winner of the 'Award of Excellence – Building Positive Catholic School Communities' in the recently held Catholic School Parents WA annual awards in the Parent Group category. This is a wonderful achievement and recognition for the dedication and commitment our families show in supporting the school and providing opportunities for the students of St Mary's. On behalf of all the school community we say congratulations and thank you to our P&F. Your passion for St Mary's is evident and helps make our school an amazing place to be.

Year 6 Camp

Our Year 6 class spent the first week of term in Perth on camp. The week was packed full of exciting, informative and adventurous activities.

Day 1 – Mr Chambers, Mrs Neild and Mr Priest loaded the bus and the class headed off to Point Walter. We joined another school (St Joseph's, Queens Park) and completed some challenging tasks including crate climbing, orienteering and catapult making. After dinner they headed out to test their ice-skating skills. It was wonderful to see the sheer joy on their faces skating around the rink with their friends. It was also incredible to see their determination and resilience to keep getting back up after a fall.

Day 2 – Off to the city. The day started with a tour of St Mary's Cathedral, Perth Fire Station, a walk down London Court and through the city before heading off to Parliament House. This was a great experience and important for all of us to know more about our political history.

We followed this with a lunch break in Kings Park to enjoy the sun before heading to the WA Museum 'Boola Bardip'. The museum was engaging, and all the students (and staff) enjoyed exploring and learning about WA history. Following dinner at Camp we hopped on the bus again and headed off to 'Bounce' to burn some energy, followed by an ice cream to cap off another great day.

Day 3 – Rottneest Day – up nice and early and on the Ferry from Fremantle to Rottneest. Our Rottneest adventure started with a long (according to the teachers) bike ride, followed by a tour of Overhill Gun and Tunnel tour. We all headed back into town for some quokka spotting and a swim at 'The Basin', followed by another tour of the early settlers on Rottneest. Back on the Ferry before a quick dinner and off to the movies for the night.

Day 4 – Time to head home. After a few quick stops along the way we all arrived back to school in time for our mums and dads to collect us. We were all well and truly exhausted but had the best time and created some wonderful memories.

Nature Playground

What an amazing group of parents we have at St Mary's. Week 1 saw a band of helpers come together to commence work on our new nature playground at school. The new playground looks impressive and is taking shape and we are all sure the students will love having another space to be creative and to explore.

Kindergarten Changes from 2023

We are really pleased to announce that from the start of 2023 our Kindergarten will be three full days a week. As St Mary's is a CEWA low fees school, the cost of kindergarten is only \$100 a year. Amazing value to be a part of a wonderful school. Coming up in a few weeks will be our 2023 Kindergarten Orientation and welcome to St Mary's. We are all looking forward to welcoming the new families into our school.

Enrolments open for 2023

Enrolments are open for all students in Boyup Brook and the surrounds. We provide quality education and pride ourselves on being a school where every child belongs. Call the school office on 9765 1333 to enquire and book a school tour. With our new fee structure, it is even more attractive, \$300 per year for Pre Primary to Year 6, and \$100 a year in Kindergarten.

P&F Cookbook

The families of St Mary's have combined their favourite recipes to make the St Mary's Cookbook 2022. This would make a great addition to anyone's kitchen or be an ideal Christmas present. Museum News

We have little to report this month though we have had several bus loads of visitors who help keep us active. We would love to welcome more of our local people in to see what we really have on show. You will surely find something of interest.

The Walk on the Wild Side was a little disappointing as so few visited us to see the Woodturning demonstrations by three members of the Manjimup Woodturners group. John also displayed some of their items and there were the three old engines that Michael Hodges had on display, restored to working condition.

We appreciate the support from the shire with a grant to help cover the running costs and we would like to voice our thanks to the Co-op for nominating us as the recipient for the unclaimed and donated rebates from their fertiliser payments.

We do thank those who have participated as this voucher will be used for the many items we need for renovation of the area. We must also thank Gordon for erecting the handrails around the office area and island.

Due to other commitments our meeting was cancelled last month.

Our next meeting will be on Wednesday, November 9 at 2.30pm in the Masonic Lodge. All are welcome.

UBAS Committee News

Another successful Show Day has come to a close. Roses were our feature for 2022 and we were fortunate to have Bob Melville, National President of the Rose Society, to open our Show.

The Committee were delighted to have the newly completed ablutions block available for Show patrons. The Hon Rick Wilson officiated the opening of the ablutions and we wish to thank all those many people that had a role in this big project. The ablution block is a great asset at the Show grounds.

Many thanks go to the continued support of all our sponsors, stewards and community members. Many volunteers have catered, given time, resources or skills to make the Show such a success, for which we are very grateful.

Look out for all the Show Results in the next month's Gazette.

Other UBAS news is that the shire have received a grant for upkeep and improvements to halls in our district and Dinninup Hall is one of the recipients, which we are very grateful to the shire for. The halls grant is for work to be done up to the value of \$20,000.

The main priority for this money will be in upgrading the power in the halls which is long overdue. We also have other maintenance desperately needed which we hope may also be implemented, depending on costings.

Any queries regarding the show or if you would like to join our team of volunteer in either a large or small capacity, please contact either:

CoMHAT News

New Event Coordinator

It is with great excitement that CoMHAT introduce our new Event Coordinator Shenai Johnston. Shenai graduated with a Bachelor of Social Science in 2017 and is currently studying her Masters of Social Work. She has three children and lives in the rural community of Boyup Brook.

Shenai is very excited to be part of the CoMHAT team and looks forward to helping raise awareness of mental health in the Boyup Brook Community.

Mental Health Week 2022

The theme for Mental Health Week this year was "Where We Live. How We Live. What We've Lived." This year's Mental Health Week activities included a poster competition across both schools inviting the students to promote what they could do to look after their mental health and "A Night With Stephen Michaels", former Australian Rules Footballer.

Stephen spoke about his football career and how life in football has changed over the years. He spoke of the value of comradeship and how important it was in his life. He also entertained the audience with tales of his family and reflected and spoke about how he got through some difficult times.

Stephen was very well received and it was an amazing evening full of great conversations and amazing food!

"The event was a great night because of the references made ... No alcohol, no drugs, no acceptance of violence. Tolerate one another... Stay open and kind to people even if you do not like them and love with all your heart!" - Jacqueline Zanders

Mountain Bike Track

CoMHAT are currently working with Monkey Rock Mountain Bike Company and the Boyup Brook Shire to develop a Mountain Bike Track in Boyup Brook. We now have 20 mountain bikes from Primary Industries and Regional Development and funding for a mountain bike trailer thanks to Bridgetown Rotary Group and Talison's Community Support Program. In order to get things started on the Mountain Bike Track we need to raise \$5,000 in initial funding.

Please use our code below when you donate your Containers For Change to help us raise this money and get an exciting new resource in Boyup Brook. Use Code C10538269.

Garden Club

Spring was delightfully evident during our recent visit to Glenda and Trevor Bock's property for the October Garden Club Visit. Sixteen garden club members enjoyed Glenda's hospitality and beautiful spring garden.

Fields of barley surround the homestead and its garden is neatly packed with bright pansies, colourful ground covers and succulents which Glenda does exceptionally well at growing. An abundance of edible plants include a very healthy and large strawberry patch, broad beans, rhubarb, passionfruit vines, spinach, snow peas, onions, parsley and grape vines.

After our relaxing afternoon tea and natter, Glenda surprised us with a treat taking us to see their 100 year old cottage which was built by Trevor's grandfather, it has been cared for and maintained and was to be on show to neighbours and visitors in the district for an inspection and relaxed afternoon picnic on the grounds the following weekend.

The original cottage also has its own well manicured garden with heavily laden citrus trees and a small vineyard which must be many years old and still survives.

To finish our visit we shared a poignant moment viewing a very special blossoming ornamental pear tree grove with 33 trees representing the 33 years of age Glenda and Trevor's son Jeff was when he passed away nine years ago.

A beautiful idea where family and friends each planted and care for the trees ongoing. A sign at the end of the grove states - "Jeff's Trees - one for each of his 33 years, planted in his memory with love and cared for by his loved ones, family and friends and workmates."

Thank you so much Glenda and Trevor for inviting us to your beautiful farm and garden, your generous hospitality was much appreciated.

Our final garden visit will be on Tuesday, November 8 to The Quacking Frog Teapot Shed, 18 Williams Street, Boyup Brook. Ray and Ruth Gorman will treat us to a delicious Indian Thali lunch to celebrate our end of year gathering.

Garden Club will meet again in February 2023 so please check The Boyup Gazette for details. If you have an interest in visiting gardens or would like to join our friendly group please come along. Membership is \$20 per year or \$2 per visit.

Calling all Artists and Creatives

Boyup Brook will once again take part in the Blackwood River Arts Trail (BRAT). It is an opportunity to promote our growing group of local artists, crafters and creatives and to attract visitors to our district.

Boyup Brook will join Nannup, Bridgetown-Greenbushes and Balingup to feature local artists from across the Blackwood River Valley. The Trail is from 1 - 16 April, 2023 over three weekends.

This event is an opportunity to demonstrate the diversity of talent and creativity that sets our little town apart from other shires. We welcome all artist works especially if you have unusual creations you would like to exhibit. Visit the Blackwood River Arts Trail for more information:

www.blackwoodriverartstrail.com/

We are looking for artisans to open their own studio, or businesses who would like to invite artisans in to show off their artworks. The BRAT Committee also prints at least 3,000 booklets, which include a promo of the artist, has an active Facebook page and website. This is another way of promoting our artists from the Blackwood River region across the State.

Please could you confirm your interest by 2 December, 2022 by contacting the Blackwood River Arts Trail representatives for Boyup Brook, Bev Prideaux, phone 9765 1083 or email bev.prideaux@westnet.com.au, or Lyn Willett phone 0427 644 064, email willett359@gmail.com.

Tonebridge News

A glorious sunny day shone on the golf course for our kids picnic. 11 children of various ages enjoyed lots of games with cricket being a bit of a "hit". Running and exploring around the course, there were many treasures brought back to show. After a walk to look at the many wildflowers and lots of trees found to climb, it was back to a lovely picnic lunch.

Due to ongoing work at the club, Nicole Muir generously offered to hold the girl's night at her place. What a fabulous venue and night it was. Some beautiful platters of savouries and sweets were brought along to compliment the BBQ sausages and onions. We were kept warm with a pot belly stove. Thanks again Nicole it was a great night, enjoyed by all.

Work continues at a great pace at the club, the walls and ceilings have been reinstated, painting and final electric work still to be done.

We are hoping all should be completed by the end of October and all activities can resume.

Our AGM will be held as soon as the club can be used, please all come along to see the renovations and help plan activities for 2023, we welcome your input.

Above: Fun at the kids picnic.

We Wear Green

Snake season generally hits between September and April as they start to venture out looking for food or a mate. Australia is home to the world's most venomous snakes, with approximately 3,000 snake bites occurring each year. Snakes don't go out of their way to harm humans and most bites occur when people are trying to catch or kill a snake. If you come across a snake, do not approach it or try and catch it – call your local snake catcher.

If you are bitten by a snake, stay calm. While that's easier said than done, staying calm and still after a snake bite can help slow down the spread of venom in your body. If you've been bitten by a poisonous snake, not moving might save your life.

Snake venom moves through your lymphatic system. Lymph is a fluid in your body that contains white blood cells. Unlike blood, which is pumped around your body continuously, your lymph moves when you move your limbs. If you can stay still and calm, you can prevent the venom in your lymph traveling further into your body.

If you're sure the snake has moved away after biting you and you're not in danger of being bitten again, call 000 or send someone to do this. Remain where you are, rather than walking to get help if you can. If you're with other people, they shouldn't move you at all, but start administering first aid where you are.

Take long, deep breaths to help calm yourself down. Remember that the odds are in your favour: it's rare for people to die after being bitten by a snake, especially if they follow first aid steps.

St John Ambulance recommends the following in the event of a snake bite:

1. DRSABCD (Danger, Response, Send for help, Airway, Breathing, CPR, Defibrillation)
2. Seek urgent medical aid. Call **Triple Zero (000)** for an ambulance.
3. Ensure the casualty does not move.
4. Lay the casualty down, rest and reassure.
5. If the bite is on a limb, apply a broad pressure bandage over the bite site as soon as possible.
6. Then apply a further elasticised or firm bandage - start at fingers or toes and move up the limb as far as can be reached. Apply tightly but without stopping blood flow.
7. Splint the limb including the joints on either side of the bite.
8. Write down the time that the casualty was bitten and when the bandage was applied.
9. If the casualty becomes unconscious and not breathing normally, commence CPR and defibrillation if available.

Do Not - Wash the venom off the skin, cut the bitten area or try to suck the venom out of the wound, use a tourniquet or try and catch the snake.

Signs and symptoms

- Visible in an hour or more after bite, sooner in children
- Fang marks or scratch at bite site
- Nausea, vomiting and diarrhoea.
- Headache, drowsiness, giddiness or faintness.
- Double or blurred vision, drooping eyelids.
- Voice changes, trouble speaking or swallowing. Pain or tightness in the throat, chest or abdomen.
- Breathing difficulties, respiratory weakness or arrest.

The best thing you can do to protect yourself and others is to complete a first aid course. You can do this by booking online at www.stjohnwa.com.au or by contacting the Boyup Brook sub-centre on 9765 2155.

Until next time stay safe

Photo Exhibition Impresses

More than 230 people came to view the exhibition for this year's What's Your Angle? Photography Competition at the Boyup Brook CRC, with many leaving comments about the amazing quality of the images.

Opening day on Saturday, October 8 consisted of an awards presentation of the winners, with the event coinciding with the Walk on the Wild Side Weekend. Good numbers came through to view the presentation and exhibition before moving on to other events in town.

Unfortunately judge Naomi Rice was unavailable for the presentation with prior commitments, but did provide her comments about the winning images in each category which were read during the event by CRC staff member, Sharon Lampard.

Similar to last year's judging, there was one particular photographer whose art caught Naomi's eye with Kendenup's Anne Lasini taking out the top prize of Most Outstanding Print and six other awards.

Local photographer Janet Winter and Under 18 entrant Imogen Mead were also multiple prize winners earning themselves three places each. Imogen's image 'In the Rose Garden' proved that age is no barrier in producing high quality photography, by taking out first place in the Flora category.

The exhibition layout had to be different this year, due to the inclusion of the library to the CRC.

The 123 images were spread across five pin up boards in the foyer and into the library. The CRC thanks the Blackwood Basin Group for the donation of extra pin up boards as they were most definitely required this year!

The competition wrapped up with the announcement of the People's Choice Award with Don Railton's 'Blackwood Beauty' securing the most votes this year.

Thanks to sponsorship provided by seven local businesses, there were 20 monetary prizes up for grabs, with a combined pool of almost \$700 to give away. The success of this competition is a testament to the local support received and the CRC sincerely thanks the following sponsors: Blackwood Plant Hire; Boyup Brook Co-op; CM Dalton Transport; Hamptons Partners; Lions Club of Boyup Brook; Shire of Boyup Brook; The Brook Takeaway.

The full list of winners:

Class A – Landscapes 1st: Sunset Over the Yard, Anne Lasini; 2nd: After the Fire, Janet Winter; 3rd: Winter's Day at the Harbour, Anne Lasini

Class B – Animals 1st: S51, Anne Lasini; 2nd: The Hazelwood Horses, Anne Lasini; 3rd: Spring Blue Wren, Janet Winter

Class C – Flora 1st: In the Rose Garden, Imogen Mead; 2nd: Dancing Mantises, Natacha Issler; 3rd: Purple Pansy and Pollinator, Celina Rath

Class D – Portraits 1st: Farrier at Work, Anne Lasini; 2nd: Bushman's Treasures, Natacha Issler; 3rd: Trish, Don Railton

Class E – Open: The Colour Yellow 1st: Sunset Flight, Janet Winter; 2nd: Floral Fungi, Natacha Issler; 3rd: Wildflower's by the Road, Anne Lasini

Under 18 1st: The Struggle is Real, Imogen Mead; 2nd: Back to Work, Nicole Turner; 3rd: Crowded Sunset, Imogen Mead

Most Outstanding Print Farrier at Work, Anne Lasini

People's Choice Award Blackwood Beauty, Don Railton

Renters Experiencing Financial Difficulty

As living costs rise, many tenants may find themselves in a difficult financial position and struggle to pay rent.

We urge tenants who miss (or expect to miss) a rental payment to explain their situation to their landlord or real estate agent as soon as possible to hopefully avoid stressful breach notices, potential court action and even eviction.

A landlord might agree to a rent reduction for a period of time, waive a payment or agree to defer payment over a longer timeframe while you get back on your feet.

Your landlord's willingness to help may depend on their own financial position and whether you've been a responsible tenant, however it could be in their interest to negotiate a solution.

In shared tenancies, the landlord might let you assign the agreement to a replacement co-tenant, or allow you to sub-let the property to another tenant to help share the cost.

It is wise to avoid pay-day loans or buy now pay later schemes to pay your rent. They might look like an easy way out, but can make a difficult financial situation worse.

If you have a periodic tenancy, you can provide 21 days' written notice to terminate the agreement. Remember that it is usually easier to move from one rental into another, rather than try to find a new tenancy once court action or an eviction process has commenced.

Should you fail to pay rent, a landlord can either issue a breach notice requiring you to pay the outstanding amount in 14 days, or a termination notice giving you seven days to vacate. A landlord cannot force you out of a property by changing the locks or tampering with the water and power supply.

If you don't pay all rent owing by the due date and don't move out, the landlord must apply to the Magistrates Court for an order to vacate. A tenant can ask the magistrate to delay the termination for 30 days if they're likely to suffer hardship (such as being unable to find other accommodation).

More information on housing stress is on our website at www.consumerprotection.wa.gov.au or contact us on 1300 30 40 54 or consumer@dmirs.wa.gov.au

Services Australia - Here to Help

Services Australia delivers government payments and services throughout many stages of your life, including:

- Raising kids
- Living arrangements
- Ageing
- Work
- Education
- Health and Disability

myGov is a simple and secure way to access government services online, all in one place.

What you can do with a MyGov account:

- Link government services to your myGov account, such as Medicare, Centrelink and the Australian Taxation Office. Then you can do things like lodge your tax return, claim Medicare payments, report income and manage your super all in one place.
- You can get messages from some government services in your myGov Inbox if you have them linked.
- After you sign into your myGov account, your personalised homepage makes it easy to see your Inbox messages, some payments and your linked services in one place.
- At any time you can explore myGov for information about government payments and services organised by major events in your life, making it easier for you to find the support you need.

HOW TO CREATE A MYGOV ACCOUNT - Follow these steps:

- 1 Go to **my.gov.au** and select Create account.
- 2 Select **Continue with myGov details** and agree to the terms of use.
- 3 Enter an email address. The same email can't be used for two myGov accounts. If you share an email address with someone, only one of you can use it to create a myGov account.
- 4 Enter the code we sent to your email.
- 5 Enter your mobile number and enter the code we send you. If you don't have a mobile device or mobile reception, skip this step.
- 6 Enter and re-enter a password. It must have at least 7 characters and include at least 1 letter and 1 number. Passwords are case sensitive and can include any of the following special characters: !, @, #, \$, %, ^, &, *
- 7 Choose 3 secret questions or answers or write your own. Answers aren't case sensitive.
- 8 You've created a myGov account!

For your security, remember to sign out of your linked services and myGov account, and close your browser when you've finished.

If you prefer, you can create a myGov account with a Digital Identity. Select Continue with Digital Identity at Step 2 and follow the prompts.

Services Australia and My Aged Care

If you need some help to find out what services are available to you as you are getting older, there are a number of ways to access support from Services Australia.

The My Aged Care website (www.myagedcare.gov.au) provides useful information about what services are available and how to start the process.

If you would prefer face to face support, staff in all Services Australia service centres (the closest is Bunbury) can provide free, general information.

In addition, services centres in Busselton, Fremantle, Mandurah and Warwick Grove have Aged Care Specialist Officers (ACSO) who can:

- provide in-depth information on the different types of aged care services
- check if you're eligible for government-funded services and making a referral for an aged care assessment
- help you appoint a representative for My Aged Care
- provide financial information about aged care services
- connect you to local support services

To book an appointment with one of these specialists, you need to phone the Services Australia Aged Care Line - 1800 227 475. It is useful to prepare a list of questions before this discussion takes place.

This helpline can also be used to talk about aged care services, home care packages or aged care home costs.

The Financial Information Service (FIS) is also recommended by contacting 132 300.

Keeping Up with the Cost of Living

Times are tough for many Western Australians right now, so lots of households will be looking at ways to manage their rising living costs and keep on top of bills.

To help consumers manage their living expenses, the Australian Securities and Investment Commission's (ASIC) Moneysmart service has developed a cost of living 'hub' on its website.

The hub contains information to help consumers make a plan, including how to prepare a budget to track where money is spent, prioritise what matters most and identify any expenses that can be reduced.

With interest rates on the rise, some consumers may be concerned about meeting their mortgage repayments. Taking action straight away can stop a small problem from becoming a big one, so these consumers are urged to talk to their lender as soon as possible. The hub talks through the steps to apply for a financial hardship variation, which may involve changing the loan's terms, or temporarily pausing or reducing repayments.

Financial hardship assistance may also be available for those struggling to pay their rent, utility bills, credit cards, loans and insurance premiums, so these consumers are also advised to contact their providers sooner rather than later to discuss possible options.

Further advice is provided on how consumers can save for an emergency fund to cover urgent or unexpected costs for things like car repairs, unexpected travel or an urgent medical bill.

For those living on a low income, the hub provides guidance on what financial support is available, as well as exploring practical ways to manage costs, such as automating regular bill payments and paying large bills in smaller instalments.

Consumers needing help to get debt under control and their finances back on track can talk to a financial counsellor, who can help prioritise bills and repayments. The National Debt Helpline provides a free, confidential financial counselling service on 1800 007 007.

There is also advice on where to turn in a crisis for help with food, housing, bills and emergency support, plus a reminder that help is available via Beyond Blue on 1300 22 46 36 if financial stress is impacting on mental health.

National Recycling Week

National Recycling Week is taking place from November 7-13 and this year, organisers Planet Ark are exploring the idea that *Waste isn't Waste until it's Wasted*.

In Boyup Brook we are very fortunate to have many ways to give our items a second life, keeping them out of landfill. Aside from the shire kerbside recycling program, other items include old spectacles, mobile phones, writing implements, outgrown sporting equipment, electrical waste, bread tags, printer cartridges and so much more.

A copy of the Boyup Brook Recycling and Re-use Directory is available on the opposite page. When you're finished reading this Gazette, tear it out and place it onto your fridge! The directory and other recycling news is also available online here: www.boyupbrook.crc.net.au/recycling-hub.html

Recycling reduces the need for newly produced resources, it is better for our environment reducing greenhouse gas emissions and contrary to popular belief it does not have to be hard.

Start small by collecting a few new items at a time and take advantage of the wonderful recycling resources available to you in Boyup Brook.

THE TOLLING BELL

The hours chase the days
As we go about our lives

Then hours and days combine
To run fast and catch the weeks

Those weeks that chase the months
While the months run down the years

And these waiting years are now stirred up
To wake the distant decades from their sleep

So hours and days and weeks and months and years
All help the sleepy decades steal our lifetimes quite away

And make us realise
We cannot stay

Large Print Book Review

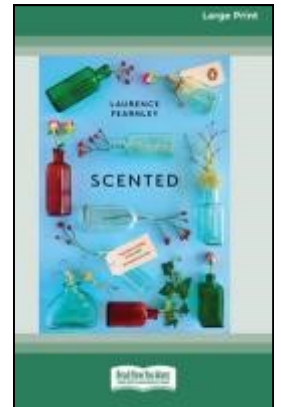

'Scented' by Laurence Fearnley

Our library in Boyup Brook at the Community Resource Centre has a large print and audio book selection for loan. 'Scented' being one that really caught my eye.

It is an informative book about the authors life, her early childhood years, university education, working at perfume counters, spending hours researching in the library developing signature scents to sell at the markets, travelling and fruit picking.

Signature scents remind you of certain people, certain places and passages of time. A perfume can be a shield and protection, enjoy one today.

Puzzles

Arithmagons

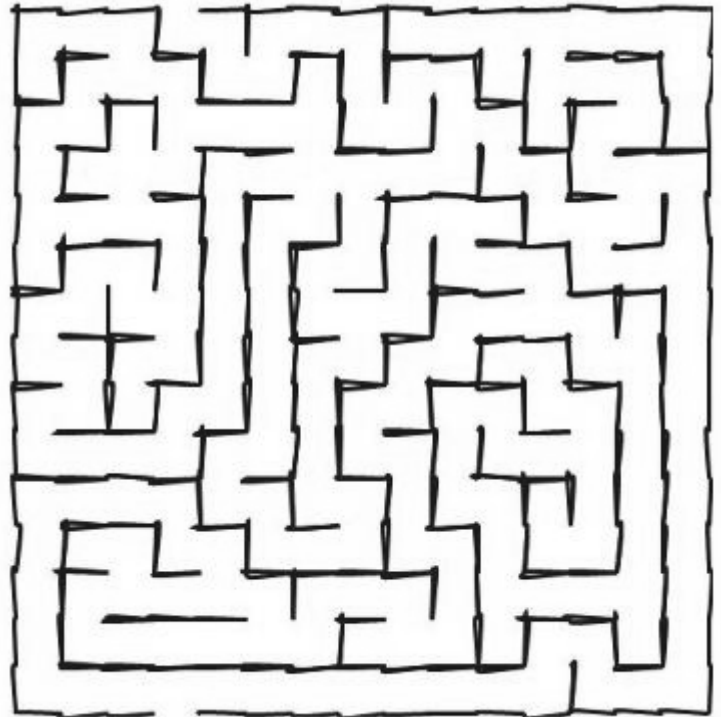

The aim of an arithmagon is to work out which numbers go in the empty circles. The numbers in the square boxes are made by adding together the numbers in the circles either side.

For example, if the number in the square box was 10 you could try 6 and 4, but the numbers must also add up on the other edges, making this more difficult than it first appears.

St Saviour's News

The months seem to get busier as the year rushes onwards. Thanks be to God for the glorious weather!

Dates to remember:

November 5 is St Saviour's bell ringing for COP27 commencing at 6pm. Everyone is welcome and there maybe more than one bell! A real treat, so do come, children too. There will be a cuppa and nibbles afterwards. More details about this event below.

November 6 is our Defence Service – remembering those currently in the Forces, those who have previously served and Australia's Peacekeeping personnel.

December 11 will be the last service conducted by Rev. Carol Reid. This will be followed by a Blessing of the Annex and a luncheon. Do come and make this a wonderful send-off for Carol and Don.

December 18 is the Combined Churches Christmas Carol service. More details next month.

COP27 stands for 'Conference of the Parties', the active body for the United Nations Framework Convention on Climate Change. There are 196 member countries and this will be the 27th meeting since inception. Churches have been asked to ring their bells, creating a spiritual wave around the world in awareness of the huge adverse effects that climate change imposes on all nations, rich and poor.

It is hoped that this year's negotiations will lead to implementation with timeframes for precise and practical details – in short, reality, on the ground projects. Needless to say, economics, legal and physical barriers will be stumbling blocks. There are huge commitments to make and all nations need to comply. We are in it together – nations and individuals. What can you do? Pray, plant trees, provide shelter for wildlife, prevent bush fires, recycle, etc., etc. All doing our own little bit can make an enormous difference. Blessings all.

Be Still and Know..... God

Problem solving

When we are knocked down, we get up again.' 2 Corinthians 4:9 CEV

Every problem you face in life introduces you to yourself. It shows you how you think and what you're made of. People basically respond to problems in three ways:

1. they refuse to accept them
2. they accept them and then endure them, or
3. they accept them and try to improve things.

Which of the three people are you?

Paul was a problem solver. He knew that with God on his side, he would prevail. 'We are like clay jars in which this treasure is stored. The real power comes from God and not from us. We often suffer, but we are never crushed. Even when we don't know what to do, we never give up. In times of trouble, God is with us, and when we are knocked down, we get up again.'(2 Corinthians 4:7-9 CEV)

So when it comes to having problems, what should you do?

1. Anticipate them. Since problems are unavoidable, prepare for them spiritually, mentally, and emotionally. If you pray for God's best and anticipate Satan's worst, you will find yourself in a good position to solve the problems that come your way.
2. See the big picture. You can't afford to be overcome by emotion or get bogged down and lose sight of what's important.
3. Handle one thing at a time. Richard Sloma said, 'Never try to solve all the problems at once—make them line up for you one-by-one.' And if you're facing lots of problems, try to solve the one you're working on before moving on to the next one.

Direction for our Times

We continue our cycle of monthly messages for 2022 with the message for October 1, 2006 for our prayer groups and personal reflection.

Jesus

My children, I am with you. God, your Creator, speaks this message in so many ways. In every daybreak you must hear my voice saying, "I am with you." When tempted toward despair because of crosses and hardships, you must hear my whisper saying, "I am with you." When you look at the work you must do and find it overwhelming, allow me to move you gently into it with perfect assurance that "I am with you."

Dearest apostles, so brave, I am with you. I do not tell you that you will be overcome. I do not tell you that you have been given work that is impossible for you to complete. Those messages do not come from me. Instead, I tell you that you will persevere and ultimately triumph. Our mission of mercy does not falter, even though the steps of my apostles sometimes falter. This mission pushes through the world with steadiness that defies all attempts against it.

My apostles experience fear at times. This is not a problem for me or this mission. Fear is to be expected. Bring your fear to me and explain to me exactly what threatens you. If you do this, I can remove your fear. I will convince you that in my presence, with my power, everything is possible. You have an expectation of your little boat crashing against the rocks. I will never allow this. If I am steering the boat that is your work, you will be carried safely.

Push on into each day with courage, understanding that while you may not be able, I am able. You may lack courage, but I have courage. You sometimes walk in darkness, but I have the light with which to see exactly where your footsteps are taking you. Dear apostles, it is a time for hard work, yes, but a time for great glory, also. Rejoice. I am with you.
